Cognizant Ranks #2 on Dataquest's DQ Top 20

Cognizant was recently ranked #2 on Dataquest's DQ Top 20 IT Industry for 2018. With a theme of "Surviving Disruption", Dataquest's ranking examines how the Indian IT industry is taming the disruptive technology forces that are changing IT adoption dynamics.

Cognizant was recognized for its ability to sustain scale and growth while focusing on the themes of digitize, internationalize and localize. Some of the highlights for FY 2018 are as follows:

- Cognizant crossed the $15 billion revenue milestone, providing digital-at-scale solutions for its clients across industries, transforming their business, operating and technology models.
- Cognizant crossed $3 billion in non-US revenue, led by growth in the UK and APAC.
- The company has built a network of local and regional delivery centers in Europe, Asia, North America and Latin America.
- The company partners with local educational institution to establish and fund retraining programs in high demand technology roles.
