Cognizant Recognized as 2019 Services Partner of the Year at Temenos' Annual Partner Awards

Cognizant Consulting

For the second consecutive year, Cognizant has received the Temenos Services Partner of the Year award at the Temenos Community Forum (TCF) held in The Hague, Netherlands. Recognized for its role in key projects, Cognizant has worked with Temenos over the last 10 years to digitally transform legacy bank IT systems in coordination with Temenos' model bank functionality with cloud-agnostic and cloud-native technology.

"I am delighted to recognize Cognizant along with all our partners who have helped us to deliver a new bank implementation every day of this year," said Alexa Guenoun, Temenos Chief Client Officer. "Together with our partners and our revolutionary Temenos Infinity and Temenos T24 Transact software products we are transforming the industry."

Cognizant has invested in Global Centers of Excellence for Temenos across Madrid (Europe), Singapore (APAC) and Americas (Mexico) to help drive localization and regional expertise support.
