ChangeWave Podcast: Andres Angelani Discusses the Softvision Pod Model and the Importance of Bringing Diverse Teams Together

Excerpts:

"Andres is the Chief Executive Officer of Cognizant Softvision (a division of Cognizant Digital Business), a digital services company that sits at the intersection of strategy, design and execution for the world's leading global brands. Andres has extensive experience in developing large-scale technology businesses. He is a proven leader in effectively deploying technology and business process strategies, leveraging his proficiency in Digital Strategy, Agility and Team Development, Game Development and Enterprise Software Architectures.

With an entrepreneurial mindset, he drives the power of a digital economy to his clients and is passionate about creating digital experiences that simplify and enrich our lives. He is at the forefront of addressing the growing customer demand for digital IT services and has managed transformations for some of the largest and most technologically advanced companies in the world. Andres can bring together teams across the globe for world-class delivery, and his cutting-edge approach to digital is instrumental to Cognizant Softvision's marquis clients.

Andres is a frequent speaker and thought leader on how to scale digital innovation in organizations. He is a recognized speaker at Agile Business Conference, Insight Innovation eXchange North America, the Omni-Channel Retail Conference, the Chief Strategy Officer Summit, SXSW Interactive and Zend Con. He also co-authored a book titled The Never-Ending Digital Journey: Creating New Consumer Experiences Through Technology. His second book, Transforming While Performing: How To Create A Culture Of Innovation With Partners, will be published this fall."
