

Netcentric Recognized as an Adobe 2020 Digital Experience Solution Partner of the Year

Netcentric, a Cognizant Digital Business, has been named an Adobe 2020 Digital Experience Solution Partner of the Year for Central Europe. Adobe's Digital Experience partner awards honor companies that have made leading contributions to Adobe's business and have had a significant impact on customer success.

The award is given to the top central region partner based on all-around excellence in their results, including services, certifications and specializations, and overall quality of relationship with Adobe. A leading Adobe Partner to global brands, Netcentric builds digital experiences that keep customers at the forefront of innovation, using scalable Adobe Experience Cloud technologies.

"We are very proud to be recognized as an Adobe Digital Experience Solution Partner of the Year," said Gerhard Gerner, CEO Netcentric. "This award is a testament to our commitment to delivering continued value and innovation to harness the full power of the Adobe Experience Cloud."
