Cognizant Completes Acquisition of Bright Wolf, Accelerating Growth in Industrial IoT Services

TEANECK, N.J., November 3, 2020 – Cognizant (Nasdaq: CTSH) has completed the previously announced acquisition of Bright Wolf, a privately-held technology services provider specializing in custom Industrial Internet of Things (IIoT) solutions for Fortune 1000 companies.

A strategic systems integration and technology partner for industrial enterprises, Bright Wolf will enrich Cognizant's smart products offering and expertise in architecting and implementing IIoT solutions and digital transformation services across industries, including manufacturing, energy, transportation, water, healthcare, and agriculture, among others.
