

Cognizant Contributes \$250,000 to Texas Relief Efforts

After last week's devastating winter storms, more than a third of Texans still do not have access to clean drinking water—and many face ongoing issues stemming from prolonged freezing temperatures and electrical outages across the state.

To aid in recovery efforts, Cognizant has donated \$250,000 to organizations working to ensure Texans have access to clean water, food and other basic necessities. These organizations are:

- [Houston Food Bank](#) (Houston, TX)
- [CitySquare Food Pantry](#) (Dallas, TX)
- [Central Texas Food Bank](#) (Austin, TX)
- [Brazos Valley Food Bank](#) (Bryan, TX)
- [World Central Kitchen](#) (statewide)

Our thoughts continue to be with the more than 7,300 Cognizant associates working in Texas, as well as all others who have been impacted by the winter storms.
