Cognizant Completes Acquisition of Servian, Enhancing Digital Portfolio and Market Presence in Australia and New Zealand

SYDNEY, April 1, 2021 – Cognizant (Nasdaq: CTSH) has completed its previously announced acquisition of Servian, a Sydney, Australia-based, privately-held enterprise transformation consultancy specializing in data analytics, artificial intelligence, digital services, experience design, and cloud.

The acquisition of Servian expands Cognizant's integrated, end-to-end digital transformation capabilities in Australia and New Zealand to help clients move to the cloud, build digital products and services, unlock value from data, modernize enterprise applications, and achieve operational excellence.

Cognizant has announced 13 acquisitions since January 2020, all focused on the company's strategic priorities of data and artificial intelligence, digital engineering, cloud, and Internet of Things, which together enable clients to compete as modern digital businesses.
