Cognizant is the Automation Anywhere 2021 Digital Workforce Partner of the Year

Cognizant has been named an Automation Anywhere Partner of the Year 2021 in the category of Digital Workforce Partner in the Americas. The Global Partner awards were presented at the Automation Anywhere Virtual Partner Summit on April 14, 2021, to recognize the organization's worldwide partners for their investments and dedication to providing solutions and services that customers rely on to intelligently automate their businesses.

The Partner of the Year award for Digital Workforce Partner has awarded Cognizant for our outstanding success in 2020 selling Automation Anywhere's products and building relationships to help transform our clients' businesses.

"Automation Anywhere is delighted to recognize Cognizant for this award," said Derek Toone, SVP of Global Channel Partners and Alliances, Automation Anywhere. "We are thrilled to honor Cognizant for its leadership in helping organizations accelerate cloud automation, and we're excited to continue working together to enable business transformation and customer success."

"We're pleased to be recognized by Automation Anywhere as a Partner of the Year," said Girish Pai, Global Head of Intelligent Automation, Cognizant Digital Business Operations, Cognizant. "This recognition highlights our continued commitment to improving business agility through intelligent process automation. Using the Automation Anywhere Robotic Process Automation platform, customers can accelerate their digital transformation through the automation of repetitive front and back-office business processes, ultimately freeing employees to focus on more innovative, higher-value work."
