

Cognizant Consultants Recognized as Top Women Leaders in Technology by Consulting Magazine

March 14, 2023, Cognizant consultants Dew Kher and Vandana Viswanathan have been named to [**Consulting Magazine's 2023 Women Leaders in Technology**](#) annual list.

This year's 45 honorees were selected in seven distinct categories: DEI Champion, ESG Champion, Excellence in Client Services, Excellence in Innovation, Excellence in Leadership, Lifetime Achievement and Mentor of the Year.

Dew Kher, Director, Technology Modernization Consulting, was honored in the 'Client Services' category. With over 16 years of experience delivering measurable results for her clients, Dew has developed a reputation as a trusted advisor for clients, guiding the vision, governance, and structure of transformational programs.

"Thank you to the consulting community for this award as a female leader in technology," Dew said. "From identifying the need for client transformation and developing a strategy to securing sponsorship and executing the plan, consulting helps clients achieve success and realize their intended business value. It is this sense of purpose and fulfillment that makes consulting such a rewarding and meaningful career for me."

Vandana Viswanathan, AVP, Technology Modernization Consulting, was recognized for 'Excellence in Innovation.' Vandana leads the Technology Modernization Consulting CIO Advisory team. In her role, she has developed cross-functional technology solutions, engineered modern businesses, and accelerated strategic innovation for global fortune 100 clients.

Vandana said, "I am honored to receive Consulting Magazine's Women Leaders in Technology award. This recognition validates my philosophy to 'lead with a purpose' and to innovate, transform, and improve the everyday lives of our clients and consulting community. My hope is that the technology transformation work I lead serves as an inspiration to women in technology across the world."
