Cognizant Named One of America's Most Innovative Companies by Fortune

Teaneck, NJ, March 29, 2023 – Cognizant announced today it has been named to the Fortune list of America's Most Innovative Companies 2023. Cognizant, received this recognition for its product innovation, process innovation and innovation culture as determined by Fortune and Statista, Inc., the world-leading statistics portal and industry ranking provider. The awards list was announced on March 29, 2023 and can currently be viewed on the Fortune website.

For its evaluation, Statista surveyed both company employees and experts in various fields – from recruiters to management consultants and patent attorneys. Statista also worked with LexisNexis PatentSight to analyze the quantity and value of each company's patents to determine innovation within IP portfolios.

"Continuous innovation is necessary for staying relevant and competitive in today's rapidly changing business environment," said Surya Gummadi, Cognizant Executive Vice President & President of Americas. "Cognizant delivers innovation at the nexus of industry and technology for our clients, helping them solve their biggest business challenges with cutting edge technology and industry expertise. We are honored that Fortune and Statista have recognized Cognizant for its innovation, and we remain committed to helping companies across industries modernize their businesses for success."
