Cognizant Named a Leader in the Everest Group Life Sciences Enterprise Platform Services PEAK Matrix® Assessment 2025

July 24, 2025 -- Cognizant has been recognized by Everest Group as a Leader in the inaugural Life Sciences Enterprise Platform Services PEAK Matrix Assessment. In its report, Everest Group evaluated 20 life sciences enterprise platform service providers based on market impact and vision & capability. Leaders in the report are characterized by their ability to execute large-scale, complex, and end-to-end transformation programs across SAP, Oracle, and Salesforce within the life sciences industry. Leaders are also noted to offer a full spectrum of services and have a combination of life sciences-specific IP, strong global delivery networks, and a large, certified talent base across both onshore and offshore locations.

"The life sciences enterprise platform services market is undergoing rapid transformation, driven by the industry's push for greater agility, patient-centricity, and stricter regulatory expectations. Enterprises are embracing next-generation enterprise platforms such as SAP, Salesforce, and Oracle—not just as systems of record, but as intelligent enablers of business innovation. As adoption deepens, challenges around complex migrations, compliance, and cross-functional integration persist, prompting a need for domain-rich, cloud-native solutions with strong execution maturity," said Rohit K, Practice Director at Everest Group.

The report recognizes Cognizant as a leader in its field, describing it as "a premier consultancy to the Global 2000," supporting clients in achieving experience-driven growth. Cognizant is further commended for its position among the top three certified Salesforce partners globally and its strategic plans to significantly expand and enhance its capabilities over the coming 18-24 months. In evaluating Cognizant's expertise on the Oracle platform, Everest Group notes that Cognizant is not only one of the Top 9 Oracle Global Strategic partners but also ranks among the top three organizations worldwide with the highest number of Oracle Cloud certifications.

Everest Group also highlights that "Cognizant delivers robust end-to-end platform services across SAP, Salesforce, and Oracle, anchored in a strong suite of preconfigured, life sciences-specific solutions, such as LifeCare (SAP), Patient Prime (Salesforce), and Smart Pharmacovigilance (Oracle). Its consultative delivery approach, cross-platform strength, and strong client engagement model continue to drive high satisfaction, positioning Cognizant as a Leader in the Life Sciences Enterprise Platform Services PEAK Matrix® Assessment 2025."

"We are proud to be named a Leader by Everest Group in Life Sciences Enterprise Platform Services," said Mohammad Haque, SVP, Business Unit Head - Life Sciences and Global Large Deal Head. "This distinction underscores our ability to deliver end-to-end transformation through SAP, Oracle, and Salesforce—helping our clients accelerate scientific breakthroughs, enhance compliance, and scale innovation in line with our vision to redefine health through technology."
