Cognizant recognized as the winner of 2023 Microsoft Intelligent Automation Partner of the Year

Cognizant is excited to announce it has received Microsoft's 2023 Partner of the Year Award for Intelligent Automation. It is an honor to be among a global field of top Microsoft partners demonstrating excellence in innovation and implementation of customer solutions based on Microsoft technology.

"We are honored to receive the Intelligent Automation 2023 Microsoft Partner of the Year Award. This recognition reflects our commitment to delivering innovative and impactful solutions for our clients using Microsoft Power Platform. We are proud to collaborate with Microsoft and leverage their cloud platform to enable digital transformation across industries and geographies," said Ravi Sivalingam, Global VP and Head of Microsoft Cloud Business, Cognizant.

The Microsoft Partner of the Year Awards recognize Microsoft partners that have developed and delivered outstanding Microsoft-based applications, services, and devices during the past year. Awards were classified in various categories, with honorees chosen from a set of more than 4,200 submitted nominations from more than 100 countries worldwide. We were recognized for providing outstanding solutions and services in Intelligent Automation and named a finalist in four additional categories: Modern Endpoint Management, Healthcare & Life Sciences, Low Code Application Development and MVP Industry Solutions GSI/Advisory.

The Intelligent Automation Partner of the Year Award recognizes a partner that excels at providing innovative and unique customer solutions centered on Microsoft Power Platform.

"Congratulations to the winners and finalists of the 2023 Microsoft Partner of the Year Awards!" said Nicole Dezen, Chief Partner Officer and Corporate Vice President of Global Partner Solutions at Microsoft. "The innovative new solutions and services that positively impact customers and enable digital transformation from this year's winners demonstrate the best of what's possible with the Microsoft Cloud."

"We are truly honored, and I could not be prouder of our team for the work they have done to win Microsoft's Partner of the Year Intelligent Automation 2023 award," said Girish Pai, Global Head of Cognizant Automation. "The way we collaborate, work and operate is rapidly evolving, with a focus on unlocking greater efficiency, differentiation, and scale. With Microsoft Power Platform we see clients achieving exponential results and empowering their employees to take innovation and experiences to the next level."

The Microsoft Partner of the Year Awards are announced annually prior to the company's global partner conference, Microsoft Inspire, which will take place July 18-19, 2023. Additional details on the 2023 awards are available on the Microsoft Partner blog. The complete list of categories, winners and finalists can be foundhere.
