Cognizant wins the “Family Friendly Company of the Year 2022” award in Hungary

Kornél Csajtai, Center Head Hungary; Judit Urbán, Director HR Hungary; Zita Szalkó, HR BP Hungary

For the fourth consecutive year, Cognizant Hungary was recognized as a company that provides flexible opportunities for employees, helping to balance their private lives with work.

The award was launched in 2013 through the Balance Program of the Három Királyfi Foundation, and since 2019, Cognizant has participated by presenting the programs that make our company unique.

“We are thrilled to be named among the Family Friendly Companies of the Year. This award is important not only for keeping our teams engaged, but for showing us best practices. Through our participation, we are able to analyze and create opportunities to help maintain work-life balance for our associates”, said Matthias Peter, Delivery Head, Continental Europe and APAC, Cognizant.
