

Cognizant Earns Longest Current Streak on Fortune's 100 Fastest-Growing Companies List

Cognizant's Phenomenal Success Recognized Beyond IT Sector

Cognizant Technology Solutions Corporation (NASDAQ: CTSH), a leading provider of global IT and business process outsourcing services, today announced that it has been named to the 2007 Fortune 100 Fastest-Growing Companies List for the fifth consecutive year, making it the only company receiving the "Five-year all-stars" distinction on this year's list. This feat is unmatched by any company, and is a reflection of Cognizant's consistent year-over-year growth.

In this year's rankings, Cognizant outpaced other technology outsourcing industry competitors as the only IT outsourcing firm to rank on Fortune's list, and was also recognized in the strongest sales growth sub-listing. The report appears in the September 17 issue of FORTUNE, available on newsstands September 10 and online with an expanded look at:
